*When nature shifts, unreal, original*

Filmic journeys between poetic fantasy, dreamlike  
experimental...

Elves and leprechauns are welcome

an elephant in the stable,

Over-ex Under-ex hold hands

And why should nature always be green?

Why would rivers always flow to the sea?

A desire for travel, for a change, for surprise, for aesthetic research and  
narrative, change of scenery!

*Surprenante nature !*

The goal is to create a joyful call for creative films that are a little unusual and have a connection to nature; creations which are based on this theme and which bifurcate reality a little to take us elsewhere. An idea of fantasy, a valve of the absurd, the legendary, of diversion, of sympathetic imagination. The framework is given, but the way of treating it can vary greatly!

*La Nature est un temple où de vivants piliers  
Laissent parfois sortir de confuses paroles;  
L'homme y passe à travers des forêts de symboles  
Qui l'observent avec des regards familiers.  
Comme de longs échos qui de loin se confondent  
Dans une ténébreuse et profonde unité,  
Vaste comme la nuit et comme la clarté,  
Les parfums, les couleurs et les sons se répondent.*

Charles Baudelaire, in poème Les Correspondances

## **Organization :**

Call for films:

The idea is to create a call for films through a digital platform such as FilmFest... with no festival registration fees for filmmakers, but with fairly clear specifications.

## **Specifications :**

Dreamlike on the subject of nature, treated in an offbeat way:

For all Without obscenities Without violence Without sexism etc if in a foreign language, need for French subtitles.

## **Topic ideas:**

Regional Occitanie all public

French for all audiences

International general public

## **Selection committee and jury:**

A jury made up of people from the village and a few professional artists or filmmakers will first select the films eligible to compete.

Lors des soirées de projections, le jury élira, dans chaque catégorie, le meilleur film.

Il pourra aussi y avoir un vote du public.

**Reward:** laurels (from the village!)

The reward will consist of (virtual) laurels sent to the winners.

“You might think it's trivial, but receiving an award, even from a small village on the other side of the planet or region, when you sent your film from a town in New Zealand or the in the heart of Aveyron, this can boost the film and be very enjoyable!”

(a local filmmaker)
