# Flying Pyrenees #2

## Imaginary-on-nature

### Short Films Festival

in Arnaud-Guilhem / Haute-Garonne (31360)

Saturday 30 august 2025, from 4 p.m. to 2 a.m.

**Screenings, Concert, DJ set, Catering, Refreshments**

**Free artistic event: free entry**

This is a mini-film festival project organized around a call for short films on the theme of nature and fantasy: strange, creative, offbeat, poetic, supernatural, experimental, plastic... according to the perspective of the filmmakers who will present their works.

**Films call via Feshome :** <https://filmmakers.festhome.com/f/8773>

A desire for travel, for a change, for surprise, for aesthetic research and narrative, change of scenery!

**Surprising nature!**

This will be the **second edition of the festival**, following the first in July 2024.

Les Pyrénées envolées is a **one-day event** organized around a short film festival on the theme of Nature and the Imagination. It will take place in the village of Arnaud-Guilhem, in Haute-Garonne, in the village hall and surrounding areas, in the square and surrounding streets.

This is an artistic event that we are committed to keeping free: admission is free. The day will be structured around three screenings of the selected films: an **international screening, a French screening, and an Occitanie screening**.

A refreshment bar and food trucks will be available for a meal break between the first two screenings and the evening screening.

We plan to have a DJ to provide the musical atmosphere, and an outdoor concert at night to close the event. The festival's theme is a **call for creativity in short films**, on a theme that is part of rural life: the relationship with nature.

Thus, the perspective can be offbeat, poetic, supernatural, experimental, visual, comic... depending on the filmmakers who submit their works. The call for films will be made through digital platforms and local networks (film associations in Occitanie). A jury will select the films in competition and award prizes for the best films.

**A desire for travel, for change, for surprise**, for aesthetic and narrative exploration, for a change of scenery! Surprising nature!

*When nature shifts, unreal, original*

**Filmic journeys between poetic fantasy, dreamlike experimental....**

**Elves and leprechauns are welcome**

**an elephant in the stable,**

**Over-ex Under-ex hold hands**

**And why should nature always be green?**

**Why would rivers always flow to the sea?**

*La Nature est un temple où de vivants piliers  
Laissent parfois sortir de confuses paroles;  
L'homme y passe à travers des forêts de symboles  
Qui l'observent avec des regards familiers.  
Comme de longs échos qui de loin se confondent  
Dans une ténébreuse et profonde unité,  
Vaste comme la nuit et comme la clarté,  
Les parfums, les couleurs et les sons se répondent.*

**Charles Baudelaire, poème Les Correspondances**

## **Organization :**

Call for films:

The idea is to create a call for films through a digital platform such as FilmFest... with no festival registration fees for filmmakers, but with fairly clear specifications.

## **Specifications :**

Dreamlike on the subject of nature, treated in an offbeat way:

For all Without obscenities Without violence Without sexism etc if in a foreign language, need for French subtitles.

## **Topic ideas:**

Regional Occitanie all public

French for all audiences

International general public

## **Selection committee and jury :**

A jury made up of people from the village and a few professional artists or filmmakers will first select the films eligible to compete.

During the screening evenings, the jury will select the best film in each category.

There may also be a public vote.

**Reward:** Laurels (from the village!)

The reward will consist of (virtual) laurels sent to the winners.

“It may seem trivial, but receiving an award, even from a small village on the other side of the world or region, when you sent your film from a town in New Zealand or the depths of Aveyron, can boost the film and make you very happy!” (a filmmaker from the region)

**Screening locations:** in Arnaud-Guilhem (31360), at the village hall, transformed into a cinema room.
